

We claim:

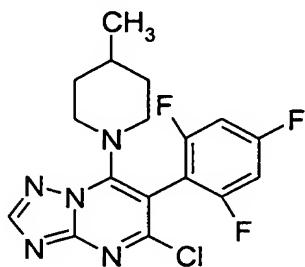

1. A fungicidal mixture, comprising, as active components,

5 1) the compound of the formula I,

and

2) the compound of the formula II,

10

in a synergistically effective amount.

2. A fungicidal mixture as claimed in claim 1, comprising the compound of the
15 formula I and the compound of the formula II in a weight ratio of from 100:1 to 1:100.

3. A fungicidal mixture, comprising a liquid or solid carrier and a mixture-as claimed
in claim 1 or 2.

20 4. A method for controlling harmful fungi which are rice pathogens, which comprises
treating the fungi, their habitat or the plants, the soil or the seeds to be protected
against fungal attack with an effective amount of the compound I and the
compound II as set forth in claim 1 in synergistically effective amounts.

25 5. A method as claimed in claim 4, wherein the compounds I and II as set forth in
claim 1 are applied simultaneously, that is jointly or separately, or in succession.

6. A method as claimed in claim 4, wherein the mixture as claimed in claim 1 or 2 is
30 applied in an amount of from 5 g/ha to 2000 g/ha.

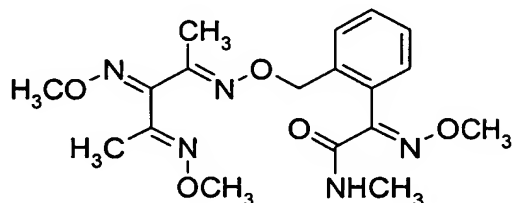

7. A method as claimed in claim 4 or 5, wherein the mixture claimed in claim 1 or 2 is applied in an amount of from 0.001 to 1 g/kg of seed.
8. A method as claimed in any of claims 4 to 7, wherein the harmful fungus
5 *Pyricularia oryzae* is controlled.
9. Seed, comprising the mixture as claimed in claim 1 or 2 in an amount of from 0.001 to 1 g/kg.
10. The use of the compound I and the compound II as set forth in claim 1 for preparing a composition suitable for controlling harmful fungi which are rice pathogens.

Fungicidal mixtures for controlling rice pathogens

Abstract

5 Fungicidal mixtures for controlling rice pathogens, comprising, as active components,

1) the compound of the formula I,

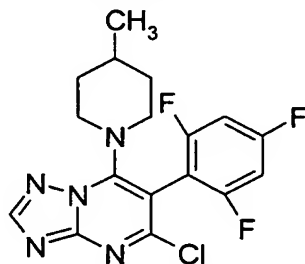

I

and

10

2) the compound of the formula II,

II

in a synergistically effective amount, methods for controlling harmful fungi using mixtures of the compound I with the compound II, the use of the compounds I and II for preparing such mixtures and compositions comprising these mixtures are described.
